

## **Search Team January/February 2017 Update**

The Search Team has received comments for their consideration on the first draft of the Congregational Profile from the pastoral staff and the Leadership Team. In addition, the Team is anticipating the work of six task forces appointed by the Leadership Team. Three of these Task Force's will provide valuable insight about FCOB that will contribute toward the completion of the Profile. The other three task forces will better prepare FCOB for the new pastor. Meanwhile, we are working on building a cohesive Team that can work together and function effectively to identify the person God has in store for us at FCOB, while also assembling information that will be the foundation of our candidate interview questions.
