

Senior Pastor Search Team October Communication

The Senior Pastor Search Team will be submitting the finalized church profile to the Leadership Team and Pastoral Staff for input and review in the coming weeks. While completion of this document allows us to move forward in our search for a new permanent Senior Pastor, we are working closely with the Leadership Team and Pastor Gene on the timing of this announcement. Pastor Gene was specifically called in order to provide his expert advice to our church leadership on areas of improvement and enhancement, which he highlighted at last week's worship service. Allowing time for that process to be completed is instrumental to the future of FCOB. Thank you for your continued prayers and support as we navigate through this process of calling a new Senior Pastor.
